

Is Your Critical Power Ready For Anything?

No matter what happens. Your critical power will stay up and running with Perpetual Power.

No surprises. No guess work.

With Perpetual Power, everything is included in a fixed monthly payment. So you are always in control of your power and budget.

Guarantees fixed power budget for length of contract

No more warranty headaches

No additional, unexpected CAPEX costs

Includes all planned maintenance and break/fix services

Remote monitoring and reporting

Annual audits and executive reviews

Proactive system management

Reduction in total cost of ownership

Save money over time while keeping your critical power fortified.

- An all-inclusive plan
- No hassles with warranties- we manage it all
- Typically 20% savings

Focus on your business and leave the critical power to us.

**Think Ahead.
Be Ready
for Anything.**

You know the drill – fire drill, evacuation drill, tornado drill...

But what if all the worry was taken out of your entire managed power system?

The expert team at Concentric builds your system from the ground up with reliability and resiliency as part of its foundation.

So you don't have to wonder if your "Emergency Plan of Action" will actually work. Because it will – every time.

***Be confident...
Your power will be on
and ready for what's next.***
