Mitigate Risk with **MinerCare**

IMPROVE SAFETY ♦ INCREASE PRODUCTIVITY ♦ LOWER COSTS

Material Handling Facilities are **DANGEROUS**

Every 3 days someone is killed in a forklift related accident with 220 accidents happening per day in the USA.

25% of all industrial accidents occur at the loading dock according to the American Supply Association.

110,000 injuries were reported in 2018 specifically related to forklift and loading docks alone.

70% of all reported accidents could have been avoided with proper safety precautions.

Slips, trips and falls make up **15%** of all accidental deaths, **25%** of all injury claims and **95 million** lost work days each year.
